Step 5: Finally, the program does all the work for you! Just select how you want to share your message (the more ways the better) and it has pre-populated messages that it will create for you. Please feel free to add and/or customize these messages however you would like to get your friends to donate.

## Be sure to share these messages at least once a day and keep friends posted on your progress...then just watch the money roll in!

Any Questions: contact Megan Gushwa at <u>fundbchs@gmail.com</u>

## Happy Fundraising!
