

Brown County Humane Society depends on generous donations from individuals, businesses and foundations to operate its shelter and adoption facilities and provide community outreach services to Brown County residents. Not included in the expense amounts below are the countless hours of operating, administrative, and fundraising services provided by numerous volunteers, each day, throughout the year.

2017 Revenues

2017 Expenses

To help continue creating Big Results donate today at www.bchumane.org

Every year we accomplish great things within our little shelter. 2017 was no exception. Our save rate is continuing to rise and even more animals are finding their new forever home.

Frequently, I am asked “what does a day in the life of the shelter involve?”. So, inside we have done our best to show just a few of the things our amazing staff and volunteers accomplish 365 days a year.

There is never a typical day in animal welfare, but I hope this will help you see what the closest thing to a “normal” day can look like.

To our donors, volunteers and supporters— **we thank you.** You made it possible for us to save over 750 lives last year, and we have no plans of slowing.

2018 is already off and running, and it is going to be a great year!

Thank you for all you do,

Sue Ann Werling
Board President, BCHS

7am The turn of the door knob means it is time to rise and shine! The day starts with getting the dogs up, walked and fed. Caring for 354 dogs in a year does take some time!

8am Things can get hectic in the morning. Especially if it is a SPOT spay/neuter day. With 630 pets being altered last year, the shelter sees a lot of activity before we open to the public.

11am Our vet tech does rounds to check on everyone and give meds to the sick animals. We saw over 88 cases of medical needs in 2017.

9am Never fear...the cats are sure to get their attention as well! Last year we cared for 376 cats. That is a lot of cute kitty rubs to be had.

12pm The doors are open to our potential adopters. We were able to find new homes for 553 pets in 2017. That is a lot of traffic in our little shelter.

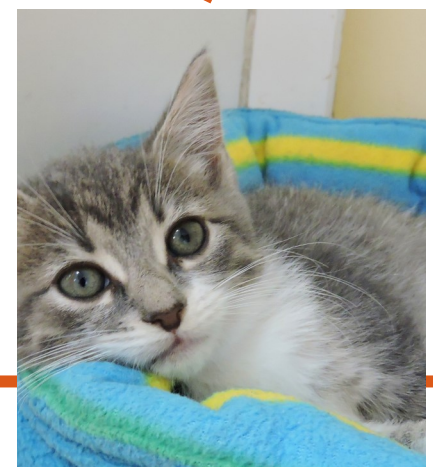

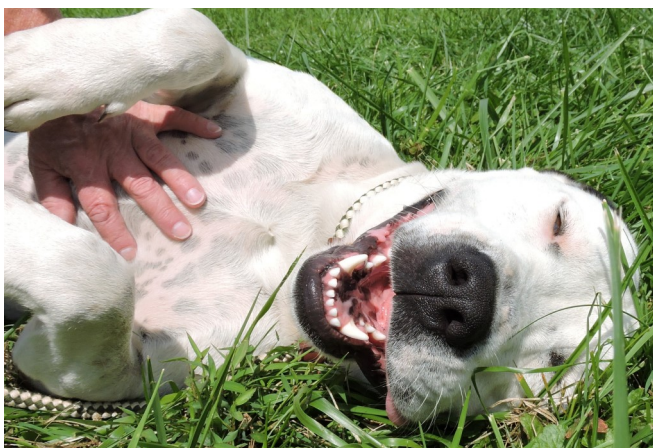

1pm A concerned resident brings in a stray. He is just one of 372 strays delivered to us last year. He is scanned for a microchip, given a quick health exam and goes to a kennel to wait for his owner.

2pm Now it's time to play! Afternoon volunteers get our dogs and cats out to play and socialize. This outstanding care is provided with the help of over 150 volunteers each year. Thank you!

3pm A community member has come in with a donation to help the animals! We could not save them without you. Donors provide nearly 60% of our revenue.

4pm Remember our stray from earlier? His very relieved owner has come to pick him up! This is just one of the 143 animals we were able to reunite with their family in 2017.

5pm The end of the day is here and it's time to settle in for the night. It's been a long day, but that is what it takes to save over 98% of the animals that come into our doors.

Thank you for helping us achieve our mission.
